PREPARING FOR YOUR SAFE RETURN TO PARADISE

We await your return with the gracious hospitality that has made Anguilla the #1 Caribbean Island in "Travel and Leisure's World's Best Awards!" for three years in a row.

Our office is open and management is working full-time in preparation for guests to return!

We can advise you on the up-to-the-minute local public health requirements, plus travel and immigration information.* On March 20, 2020, Anguilla made the choice to close our nation to ensure we'd be a safe vacation destination once travel is restored. As a result, Anguilla has been Covid-19 free since April 26, 2020.

OUR COMMITMENT TO OUR VILLA GUESTS

- **We offer flexibility on cancellation and payment terms:**
Book between now and Sept 15, 2020 — cancel with full refund up to 14 days before arrival.
Book between Sept 15th and Nov 14th 2020 — cancel with full refunds up to 30 days before arrival.
Contact us for terms on bookings after Nov 14, 2020.
- **We are dedicated to providing immaculately maintained and sanitized villas.** Due to Covid-19 we have stepped up our already stringent protocols utilizing state-of-the-art cleaning equipment and materials. Pools, A/C units, spas and other equipment are serviced and sanitized for optimal protection against pathogens. Our properties will be gleaming fresh and clean for your arrival based on the highest standard of current scientific guidelines.
- **Our experienced staff is fully trained on personal hygiene, social distancing and expanded cleanliness guidelines** to protect guests and themselves. Your specific comfort level with staff presence will be implemented.

NEWLY IMPLEMENTED PROTOCOL

- All employees will be screened daily with temperature checks.
- Kitchen staff wearing masks and gloves in addition to strict food handling sanitation procedures.
- Gloves and masks required for all housekeeping staff.
- Staff will follow guidelines for boundaries and behavior in social distancing both on and off the job.
- Protocol will be developed with public health officials on how to handle suspected illness.

We will welcome you to a healthy environment as travel bans are lifted. Anguilla is expected to be highly in demand by returning aficionados and new visitors. Our pristine beaches are uncrowded and ready to receive you. Our portfolio includes many beach front estates with large tropical grounds — the perfect place to relax — as social distancing is natural. Our longstanding network with only the best private staff and services on Anguilla, ensures our clients get the utmost safety and security.

* Some local policies are currently pending, please [contact Elaine Hearn](#) to receive auto-updates.
