"I am excited to be a trainer in the service industry, teaching precise standards to Anguillians joining this respected profession. Together we can make our villas and Anguilla, the model for exceptional private service in the Caribbean," said Katie.

Katie's first important assignment with the company was to assist in the major refurbishment and staff training for the newly re-launched [Elements - Sand, Sea and Sky](#) (formerly Temenos Villas). With her dedication and long hours at the three expansive beachfront villas, Properties in Paradise proudly welcomed delighted guests to the gorgeous private retreats for the recent festive season.
